

# San Antonio Nano Tech Forum

## SANTF Networking Lunch Series

**SANTF will host the 1<sup>st</sup> Networking Lunch for 2013  
on Wednesday, January 30, from 12.30 PM – 2.00 PM**

Our first SANTF Networking Lunch will focus on Nanostructured Biomaterials for implant applications. Nanostructured materials provide a very promising alternative to conventional implant biomaterials because of their reliable and specific interactions with mammalian proteins and cells. The potential of nanostructured biomaterials for clinical applications, however, cannot be fulfilled unless the current challenges are successfully resolved.

**Title:** “Nanostructured biomaterials for implant applications: Potential, challenges and future directions.”

**Speaker:** **Rena Bizios, Ph.D.**  
Peter T. Flawn Professor,  
Department of Biomedical Engineering,  
The University of Texas at San Antonio, San Antonio, TX 78249

**Venue:** **Matamoros Restaurante Y Cantina**  
12844 IH 10 West, San Antonio, TX 78249

**Time:** **12.30 – 2.00 PM**

**Registration:** **Registration (cash or check at door) includes lunch**

Please check our website ([www.santf.net](http://www.santf.net)) for complete program details and upcoming meeting schedule.
